ORDER OF THE HORNET INDUCTION OF LEE KEESLER

Background: The Order of the Hornet was established in 1972. It is bestowed by the Board of County Commissioners on persons who have displayed valor or high order of service uniquely and specifically to the residents of Mecklenburg County. This is the highest honor bestowed by the Board. The Order of the Hornet was founded in the spirit of the early Mecklenburg patriots who signed the Mecklenburg Declaration of Independence on May 20, 1775 and proclaimed the County’s freedom from Britain more than a year before the U.S. Declaration of Independence was signed. Those early patriots valiantly fought for their independence during the Revolution and gave Lord Cornwallis such difficulties during his occupation of Charlotte that he termed the town a “hornet’s nest” of rebellion. Because Lee Keesler reflects the honor, strength, and fierce American patriotism that so stung Lord Cornwallis, he is being recommended for membership in the Order of the Hornet.

Chair Dunlap read the Order of the Hornet.

Lee Keesler, Charlotte-Mecklenburg Library CEO, made comments and accepted the Order of the Hornet.

The Commissioners thanked Mr. Keesler for his contributions to the Charlotte-Mecklenburg Library.

Motion was made by Commissioner Scarborough, seconded by Commissioner Rodriguez-McDowell, and unanimously carried (9-0) with Commissioners Altman, Cotham, Dunlap, Jerrell, Leake, Meier, Powell, Rodriguez-McDowell, and Scarborough voting yes, to Induct Lee Keesler into the Mecklenburg County Order of the Hornet.
The Order of the Hornet
Know All Persons by These Presents that

Lee Keesler

is hereby inducted into the Order of the Hornet of Mecklenburg County, North Carolina.

The Order of the Hornet was founded in the spirit of the early Mecklenburg patriots who signed the Mecklenburg Declaration of Independence on May 20, 1775, and proclaimed the County’s freedom from Britain more than a year before the U.S. Declaration of Independence was signed.

Those early patriots valiantly fought for their independence during the Revolution and gave Lord Cornwallis such difficulties during his occupation of Charlotte that he termed the town a “hornet’s nest” of rebellion.

Because the above-named reflects the honor, independence and fierce American patriotism that so stung Lord Cornwallis, this person is chosen for membership in the Order of the Hornet.

In testimony thereof we hereby confer the rights and privileges pertaining thereto and affix the seal of Mecklenburg County on this 6th day of April in the year of 2021.

Chairman,
Mecklenburg Board of
County Commissioners

Comments

Commissioner Jerrell said the Board was asked to unring a bell that it had no part of and was thrusted into an issue that had divided a community.

Commissioner Jerrell said the issue should not necessarily be about Arts Plus. He said most would agree that Arts Plus added tremendous value to the community, but that the Morgan School represented a symbol of public issues.

Commissioner Jerrell said systems and institutions that promoted and perpetuated a system of inequality and racism, intentional or not, appeared to be the outcome. He said in this case, with so many residents in the community who felt marginalized and disrespected on their desire to use the Morgan school for community purposes, he believed it was important for the Board to get more information to see what options were available before making a decision.

Motion was made by Commissioner Jerrell and seconded by Commissioner Leake to table 21-6764: Decline Right of First Refusal - Morgan School until the first Board meeting in May for a decision. The motion was not voted on due to the passing of a subsequent, amended motion.

Chair Dunlap made comments which clarified the role played by Mecklenburg County.

County Attorney Wade said there was a deed restriction that could not be changed. He said the property could only be used for educational purposes.

County Manager Diorio said Arts Plus was being displaced for the purpose of renovating Spirit Square and that it was Arts Plus’s choice to not return, due to Arts Plus believing the program was too big to return to Spirit Square. She asked what the expectation of staff was with regard to negotiating an agreement. She reiterated that the Morgan School property had to be used for educational purposes, even if the County bought it which meant that a community center would not align with what it could be used for. She said she didn’t want to give the community a false sense of hope.

Chair Dunlap said the expectation was that CMS would contact both Arts Plus and the Cherry neighborhood to see if there could be an agreement, and that information needed to be conveyed back to the Board, for the Board to be able to take it into consideration when voting on whether to
April 6, 2021

exercise the right of first refusal.

Chair Dunlap said the Board could not require CMS to negotiate with the Cherry community. He said the Board should table the item without restrictions.

After discussion and an amendment, a motion was made by Commissioner Leake, seconded by Commissioner Meier, and passed (8-1) with Altman, Dunlap, Jerrell, Leake, Meier, Powell, Rodriguez-McDowell, and Scarborough, voting yes and Commissioner Cotham voting no to table Item 21-6764: Decline Right of First Refusal - Morgan School until Tuesday, May 18, 2021.

21-6753 NOMINATIONS/APPOINTMENTS TO THE ALCOHOLIC BEVERAGE CONTROL BOARD

Chair Dunlap requested Board to accept recommendations made by the ABC Board Chair to extend the terms of the three members whose terms would soon expire. Chair Dunlap requested the Ad-Hoc committee reconvene to review the structure of all the organizations such that the rotation of the members of said board would not pose this threat in the future.

Motion was made by Commissioner Leake, seconded by Commissioner Scarborough and carried unanimously (9-0) with Commissioners Altman, Cotham, Dunlap, Jerrell, Leake, Meier, Powell, Rodriguez-McDowell, and Scarborough voting yes, to approve extending second terms of the following members on the Alcoholic Beverage Control Board: Kenneth Carrick, Jr. - (term set to expire June 30, 2022) extend 2nd term to expire one year later, expiring June 30, 2023, Monifa Drayton - (term set to expire June 30, 2022) extend 2nd term to expire two years later, expiring June 30, 2024, and Earl Leake - (term set to expire June 30, 2021) extend 2nd term to expire one year later, expiring June 30, 2022.

ADVISORY COMMITTEE REPORTS

21-6784  HISTORIC LANDMARKS COMMISSION’S ANNUAL REPORT

Background: The Board’s Appointment Policy states all Committees must report at least annually to the Board of Commissioners on their activities. Reports can be submitted to the Clerk for distribution to the Board in writing or for formal presentation at a Regular Board Meeting.

The Board received information on the Annual Report of the Historic Landmarks Commission from Jack Thomson, Executive Director, Historic Landmarks Commission gave a presentation.

Before the presentation, Chair Dunlap asked Mr. Thomson, to give his reaction to the Morgan School discussion. Mr. Thomas said he agreed that the school was a designated, local landmark with a level of protections for preservations and that the Historic Landmarks Commission would be involved in reviewing any proposed, material operations to the historic place, regardless of the owner or tenant.

Demolition of the Mayes House was delayed by HLC for a period of 365 days, during which time HLC staff helped identify a preservation buyer who later donated a preservation easement to permanently protect the Historic Landmark.

As a partner in the sale of County surplus real property, the HLC retained a permanent preservation easement on the Dowd House and former Charlotte Fire Station #10.
Preservation Easement Program
These easements will ensure ongoing maintenance and stewardship of the historic landmarks, protecting these historic places for generations to come.
April 6, 2021

Chair Dunlap said he wanted the Board to hear that with regard to historic properties such as the Morgan School, the Historic Landmark Commission had to approve any proposed changes regardless of who owned the property. Mr. Thompson said that was correct. He said what they could not do was require a certain level of maintenance on the property; only address design review thru an application for proposed change of substantial rehabilitation to a property.

Chair Dunlap asked County Manager Diorio to give an update on the Dowd house and the Fire Station.

County Manager Diorio said after a lot of conversations with the community on that project, an agreement had been made with a private owner who would do an adaptive reuse of the property and make it useful again. She said both the Dowd House and the Fire station were in a terrible state of disrepair. She said the Dowd House was owned by the County and the Firehouse was owned by the City. She said there would also be additional improvements made to an adjacent park.

Leslie Johnson, Deputy County Manager said the real estate transactions were completed. She said there had been conversations about a historic designation and the appropriate preservation easements. She said they would be moving forward summer or fall when community engagement would commence with the redevelopment of that park.

**MANAGER’S REPORT**

County Manager Diorio recognized National Public Health Week which was the first full week in April each year.

10-MINUTE NEIGHBORHOODS

All Charlotte households will have access to essential amenities, goods, and services within a 10-minute walk, bike, or transit trip by 2040.

BIG IDEAS

- Develop a robust network of food co-ops, community gardens and neighborhood-based food sharing
- Create a culture of developer community collaboration through Community Benefit Agreements

NEIGHBORHOOD DIVERSITY & INCLUSION

Charlotte will strive for all neighborhoods to have a diversity of housing options by increasing the presence of middle density housing (e.g., duplexes, triplexes, fourplexes, townhomes, accessory dwelling units and other small footprint housing types) and ensuring land use regulations allow for flexibility in creation of housing within existing neighborhoods.

BIG IDEAS

- Allow more housing types in traditional single-family zoning districts to encourage housing diversity everywhere in our community
**HOUSING ACCESS FOR ALL**

Charlotte will ensure opportunities for residents of all incomes to access affordable housing through the preservation of naturally occurring affordable and workforce housing and increasing the number of affordable and workforce housing units through new construction.

**BIG IDEAS**

- Load the charge to pass enabling legislation for inclusionary zoning and implement throughout the community
- Create a robust program of restorative justice targeting homeownership, creation and growth of small business, and equity building for the BIPOC communities, including strategic application of existing tools (e.g. low interest loans, small business assistance, etc.) and development of new tools (e.g. community land trusts, commercial lease assistance, etc.)

Commissioner Cotham thanked the presenter for his presentation.

Commissioner Altman said she would follow the process and development of this project. She said she would like to see how moving forward the plan would address the concerns of the residents.

Commissioner Powell said that housing options and single-family zoning were sticky issues in this plan. She said she was concerned with big developers coming to the area and putting impervious areas on top of stormwater drains and causing big problems.

Commissioner Powell said because of the pace of the population coming to Charlotte, the goals set in slide number 7 needed to be looked at because it was going to stress the natural environment and in effect, the quality of life for everyone that lived in Charlotte. She said increased impervious areas would have a negative impact on stormwater, flooding risks, and water quality in Districts 1 and 3. She said since she was sworn in there had been multiple swift water rescues in several flooding incidents where it was already over paved.

Commissioner Powell said close attention needed to be paid to the overall stresses in each watershed. She said she wanted to be proactive and not reactive.
April 6, 2021

Commissioner Powell said the advisory boards needed to be utilized. She said they were very engaged and underutilized. She said after this was accepted she would like the City to come back to the Waste Management Advisory Board, Stormwater Advisory Council, Park and Recreation Commission, Air Quality Commission, and the Board’s Environmental Stewardship Committee.

Commissioner Leake said she had been in meetings to address what District 2 would and would not get from the plan. She said they discussed the non-involvement of the black community and what would happen in the community with regard to the 2040 plan. She said they talked to the City Council rep from District 3. She said at this time there was no support for the plan from her district.

Commissioner Meier said she was particularly interested in transportation mobility, and how this would progress in the plan.

Commissioner McDowell said she had been following this plan for several years. She said the plan seemed to be for a mixture of people to have access and be living together. She said the plan promoted being less segregated and more integrated as a community. She said she was concerned when it came to the stormwater and tree canopy issues Commissioner Powell mentioned. She said she was concerned about the implementation. She asked how guardrails would be put in to insure growth in a smart way.

Chair Dunlap said the time to weigh in was now. He said later other elected leaders that would be appointed would be the ones making changes on the plan. He said he was concerned when he talked to a City Council member that said not adopting the plan was racist. He said he did not necessarily agree with that statement.

Chair Dunlap spoke about the history of some of the neighborhoods in the County. He said there was concern for how the plan could negatively impact certain African American communities.

Chair Dunlap said there was a notion that the Planning Committee had been developing this plan for a long period of time; but there were City Council members who said it was suddenly dropped in their laps and they had to make a decision, and now wanted to delay it.

Chair Dunlap asked Mr. Jaiyeoba if the Planning Committee brought City Council along up to this point. Mr. Jaiyeoba said Council members gave the go-ahead for the plan back in 2018 and since then, there has been numerous meetings and strategy sessions where the plan had been presented and issues had been addressed. He said the decision on finalizing the plan would be a cohesive decision with the City and County on board. He said he believed the community would
April 6, 2021

feel more comfortable with the plan if City Council members were more in agreement with the plan. He said if the Council had a split vote on making decisions on the plan it would affect the community, but if everyone was on the same page, decisions on the plan would get further along and people would feel good about the overall approval. He said he would email the County Manager’s Office with questions and responses that came up.
