Prior to the above vote, Dr. Davies was introduced by Commissioner Harden, who sponsored her induction and read the Order of the Hornet. Dr. Davies thanked the Board for recognizing her in this manner.

*Note: The Order of the Hornet was established in 1972. It is bestowed by the Board of County Commissioners on persons who have displayed valor or high order of service uniquely and specifically, to the citizens of Mecklenburg County. This is the highest honor bestowed by the Board. The Order of the Hornet was founded in the spirit of the early Mecklenburg patriots who signed the Mecklenburg Declaration of Independence on May 20, 1775, and proclaimed the County's freedom from Britain more than a year before the U.S. Declaration of Independence was signed. Those early patriots valiantly fought for their independence during the Revolution and gave Lord Cornwallis such difficulties during his occupation of Charlotte*

**JULY 2, 2019**

*that he termed the town a “hornet’s nest” of rebellion. Because Dr. Pamela Davies reflects the honor, strength, and fierce American patriotism that so stung Lord Cornwallis, she was recommended for membership in the Order of the Hornet.*

*Dr. Pamela Davies has been President of Queens University of Charlotte since July 2002. As the 20th president of the institution, she has been highly committed to providing innovative and high-quality education at both the undergraduate and graduate levels. During her tenure, the university doubled its undergraduate enrollment, significantly expanded academic programming, and invested more than \$150M in new campus infrastructure. The Queens endowment has grown from \$30M to more than \$160M under her leadership.*

*Committed to service, Dr. Davies is involved in community organizations locally, nationally, and globally. On the local level she is a Trustee of the Charlotte YMCA, Chair-elect for the YMCA-USA and has served on the Executive Committee of the World Alliance of YMCAs. She is a member of the Board of Advisors for Atrium Health, the Charlotte Executive Leadership Council, and the North Carolina chapter of the National Association of Corporate Directors. Through her service to a diverse set of community organizations, Dr. Davies has developed a strong understanding of education, healthcare, health and human services, and faith-based initiatives. Dr. Davies was named Charlotte Woman of the Year in 2018 and Most Admired CEO in Education in 2019. She has received numerous awards over the years including the Charlotte Business Journal’s Lifetime Achievement award, both the John R. Mott Award and the Servant Leader Award from the YMCA of Greater Charlotte, The Excellence in Leadership Award given by the Charlotte Rotary, the Creative Thinker Award from the Counselors of Real Estate, and the Signor Thompson Community Leader Award from Mecklenburg Ministries.*

Bush signed the ADA into law in 1990 to ensure that individuals with disabilities have the same rights and opportunities as everyone else. This year marks the 29th anniversary of the ADA.*

**PUBLIC APPEARANCE**

**19-5532 PUBLIC APPEARANCE**

The following persons appeared to speak during the Public Appearance portion of the agenda and addressed climate change and the impacts of it on one’s health and the environment:

Tina Katsanos and son Leo Amon, John Harvey, Michelle Blumenthal, and Sarah Haley.

They asked the Board to consider renewal energy efforts, efforts to reduce carbon emissions, and conducting an educational campaign on climate change to educate the public.

Charles Mandizha addressed economic mobility and specifically income inequality. He said this factor was excluded by the Economic Mobility Task Force. He questioned whether the city/county were “really looking at eliminating poverty.” He said income inequality comes into play when you look at employment opportunities or the lack thereof. He said parents and children are given “false hopes” that if they go to school, the employment opportunities would be there. He said for some this was true but for others it was not because of barriers. He said more equal opportunity employment was needed.

Lily Taylor registered to speak but did not appear.

***Resolution recorded in full in Ordinance/Minute Book 48-A, Document # 51.***

**JULY 2, 2019**

**Commission Comments prior to the above motion**

Commissioner Leake asked for clarity. *Chair Dunlap said adoption of the resolution would allow the matter to be placed on the ballot in November to let the citizens decide on whether they desire an increase in the Sales and Use Tax.*

Commissioner Harden shared sales tax data from across the country. She spoke in support of the matter being placed on the ballot.

Commissioner Fuller commented on the benefits to the community were the matter placed on the ballot and approved by the citizenry. He said the real battle ahead was getting the community's support for passage of the advisory referendum. He suggested to those in the audience, supportive of the request, to work on getting the community's support.

Commissioner Powell said she loved arts and science but felt more dialogue was needed with respect to this issue. She said she was concerned about government being this involved in the funding of arts and culture. She said she had a lot of unreadiness.

Commissioner Cotham said she was a supporter of the arts, but that she would not support the resolution placed before the Board for consideration. She said a similar request was placed before voters in 2014 and failed.

Commissioner Cotham said she would feel better if there was a sunset provision, but per her inquiry to the County Manager, she was told it wasn't possible. She said not knowing what the governance model was going to be, also was a concern.

Commissioner Cotham said there were other community issues that needed addressing, such as affordable housing and climate change.

Commissioner Leake said clarity was needed on what the Arts & Science Council does. She addressed the need for band and orchestra back in the schools. Commissioner Leake said there was a need for skateboard parks, as well, which she said was a form of "art."

Commissioner Leake said she had a concern about safety on the greenways. She said in District Two she was not hearing a lot about parks and greenways being a high priority.

Commissioner Leake said equity was needed, so that everyone would have access to the arts.

Commissioner Leake expressed concern for the Arts & Science Council's management of the potential funds.

**JULY 2, 2019**

Commissioner Leake said she was concerned about the governance and distribution of the potential funds.

Commissioner Rodriguez-McDowell spoke in support of the matter being placed on the ballot. She said not supporting placing the matter on the ballot “widens” the gap in the community.

Commissioner Jerrell said this was not a political matter. He said he wanted to do the right thing and noted that his district was the most diverse and often disproportionately impacted.

Commissioner Jerrell said for some supporters of this effort it was a “need” and for others a “want.”

Commissioner Jerrell said he would support placing the matter on the ballot, however, he was concerned about governance, allocation of potential funds, and long-term access for the “most vulnerable.”

Chair Dunlap said the issue before the Board was whether to give the citizenry the opportunity to say yes or no.

*Note: The above was not inclusive of every comment but was a summary.*

**JULY 2, 2019**

*Note: Days prior to June 9 and 10, 2019, the Catawba River basin received up to 11 inches of rain. Floodwater on Mountain Island Lake (MIL) nearly equaled the mapped '100-year' floodplain, while river levels directly downstream of the MIL dam reached nearly the '50-year' flood level. About 100 homes/dwellings were impacted by floodwaters, and approximately 40 of those had flooding within the finished living space. Mitigating during the recovery process is the most effective way to reduce future flood damage.*

*In three major flooding events (July 2003, September 2008, and September 2011), the Board previously authorized Mecklenburg County Storm Water Services (MCSWS) to utilize "Rainy Day" funding from Storm Water's available fund balance to implement "Quick Buy" programs. The concept was to voluntarily acquire floodprone homes before substantial repairs began. The Quick Buy program has proven effective in not only reducing future flood losses, but also providing the property owners an option to consider during the recovery.*

*In August 2015, the Board approved the retroFIT grant program to aid floodplain property owners in making their dwellings more resilient to flood damage. Up to \$250,000/year has been available. Currently, the "Rainy Day" fund has \$3.5M allocated to flood mitigation projects. This action would provide up to \$3.5M in dedicated funding for voluntary buyouts of flood damaged homes and retroFIT grants to assist owners in elevating their homes and utilities during the recovery process. Based upon damage assessments and initial feedback from residents, staff developed guidelines for a voluntary buyout and retroFIT grant flood recovery program as described in the attached Resolution. Approximately 10-20 homes could be considered for voluntary buyout, and 8 to 14 homeowners could qualify for a retroFIT grant to elevate their home as part of the repair process.*

*MCSWS expects the program will run 6-12 months. Offers of Sale for properties could be presented to the Board as early as the September 4th Board meeting. Eligible retroFIT grants could be submitted to the Charlotte-Mecklenburg Storm Water Advisory Committee (SWAC) for approval as early as their July 18th meeting. Consistent with NCGS 153A-274.1 and the RetroFIT Program Policy document adopted by the Board in August 2015, the SWAC has the authority to review and approve retroFIT grant applications.*

***A copy of the report is on file with the Clerk to the Board.***

Motion was made by Commissioner Leake, seconded by Commissioner Scarborough and carried 8-0 with Commissioners Dunlap, Fuller, Harden, Jerrell, Leake, Powell, Rodriguez-McDowell, and Scarborough voting yes, to:

**JULY 2, 2019**

2. Adopt the Resolution for a voluntary Buyout & RetroFIT Grant Flood Recovery Program; and
3. Appropriate \$3,500,000 from Storm Water Capital Reserve Fund Balance and authorize staff to implement the voluntary Buyout & RetroFIT Grant Flood Recovery Program.

**MECKLENBURG BOARD OF COUNTY COMMISSIONERS  
RESOLUTION  
ADOPTING GUIDELINES FOR A VOLUNTARY  
BUYOUT AND RETROFIT GRANT FLOOD RECOVERY PROGRAM  
FOR FLOODPLAIN STRUCTURES THAT SUSTAINED DAMAGE DURING FLOODING ALONG  
THE CATAWBA RIVER ON JUNE 9 AND 10, 2019**

**WHEREAS**, on December 3, 1997 the Mecklenburg County Board of Commissioners adopted the Mecklenburg County Floodplain Management Guidance Document aiming to achieve two objectives: 1) to prevent or reduce the loss of life, disruption of services and damage caused by floods and 2) to preserve and restore the natural and beneficial functions of the floodplain; and

**WHEREAS**, since adoption of the Floodplain Management Guidance Document, Mecklenburg County Storm Water Services has removed over 460 buildings from floodplains using a combination of State, Federal and Local funding, and provided over 15 retroFIT grants to homeowners to implement floodproofing projects; and

**WHEREAS**, on June 9 and 10, 2019, approximately 100 structures located in the Catawba River floodplain were impacted by floodwater; and

**WHEREAS**, some of these flooded properties are non-compliant and located within the FEMA Floodplain and are at continued risk of loss of life, disruption of services and damage caused by potential future flooding; and

**WHEREAS**, the following Program Guidelines and Process, which are similar to processes adopted after floods by Mecklenburg Board of County Commissioners in 2003, 2008, and 2011, are necessary to establish and offer guidance for the Buyout and retrofit Grant Recovery Program for properties flooded on June 9 and 10, 2019:

**JULY 2, 2019**

## **PROGRAM GUIDELINES**

Staff will use the following guidelines to offer voluntary acquisitions and retroFIT grants to owners of properties that were flooded on June 9 and 10, 2019, under this Buyout and retroFIT Grant Flood Recovery Program. Priority under this program will be given to homes that are deemed Substantially Damaged by the Floodplain Administrator. Criteria to be used to guide decisions on property specific mitigation include:

### **BUYOUTS**

- Owner interest
- Amount of damage from flooding on June 9 and 10, 2019
- Height of finished living space above ground to achieve compliance with Floodplain Regulations
- Location within the FEMA Floodway or Community Encroachment Area
- Difficulty/expense of elevating compared to value/condition of existing house
- Location/grouping of land for future maintenance/public benefit

### **RETROFIT GRANTS**

- Owner interest
- Substantial Damage requiring compliance with Floodplain Regulations as determined by the Floodplain Administrator
- Amount of damage from flooding on June 9 and 10, 2019
- Location outside the FEMA Floodway or Community Encroachment Area 2
- Difficulty/expense of elevating home compared to existing value/condition of existing house or utilities
- Eligibility of proposed project per the retroFIT Program Policy Document

## **BUYOUT PROCESS**

Mecklenburg County will use the following criteria to determine an amount to offer an eligible homeowner:

- (a) for properties **without** flood insurance, the 2019 tax value (if not under review as part of an appeal), or fair market value as of June 8, 2019 determined by a licensed appraiser (pre-flood values); minus damages caused by the flood as determined by either; 1) a full repair estimate provided by a licensed contractor hired by the property owner, or 2) the Actual Cash Value Loss (i.e. depreciated damages) as determined by an independent adjuster retained by the County.
- (b) for properties **with** flood insurance, the 2019 tax value (if not under review as part of an appeal) or fair market value as of June 8, 2019 determined by a licensed appraiser (pre-flood value); minus the Actual Cash Value Loss (i.e. depreciated damages) as listed on the Flood Insurance Claim.
- (c) for **all** properties:
  - i) a credit will be added to the offer amount for reasonable, allowable, and

**JULY 2, 2019**

documented flood clean-up expenditures that were required to restore safe use of the flooded property, including costs to restore “temporary” power for cleanup. For properties with flood insurance, this credit to the offer amount shall not exceed the clean-up costs listed in the flood insurance settlement.

ii) there will be no credit added to the offer amount for any post-flood repairs to the structure. However, all property owners retain the right to remove improvements made to the property after the date of the flood (i.e. HVAC equipment, ductwork, cabinets, flooring, etc), which will not result in any deduction from the purchase price.

iii) owners meeting Low to Moderate Income standards (LMI), are entitled to a “replacement dwelling payment” if they purchase another property outside the floodplain in Mecklenburg County within 6 months of the buyout. Incidental expenses (i.e. closing costs, lender fees, inspections, transfer taxes, etc.), will be reimbursed and must be documented. Legal occupants are entitled to a “moving payment” to cover costs associated with relocating to a new dwelling. Moving expenses will be reimbursed from receipts or based on the fixed moving payment schedule referenced in the Uniform Relocation Act. The total amount of these two payments is not to exceed 3% of the pre-flood value. Any expenditure greater than the maximum payment amount will be the property owners’ responsibility.

The funding sources will be from Storm Water Special Revenue Fund (Available Fund Balance), or Storm Water Capital Improvement funds.

**NOW THEREFORE, BE IT RESOLVED** by the Mecklenburg Board of County Commissioners that the **PROGRAM GUIDELINES AND BUYOUT PROCESS** are approved to establish guidelines and offer guidance for the voluntary Buyout and retroFIT Grant Flood Recovery Program for floodplain structures that sustained damage during flooding along the Catawba River on June 9 and 10, 2019, and that this BUYOUT PROCESS will be used to present offers to eligible homeowners.

#### **DEPARTMENTAL DIRECTORS’ MONTHLY REPORTS**

**19-5393      JULY FEATURE DEPARTMENT/AGENCY PRESENTATION: PUBLIC INFORMATION DEPARTMENT**

The Board received as information a presentation on the Public Information Department.

Danny Diehl, Director of Public Information (PI), gave the report. The report addressed current initiatives within the department and countywide.

***A copy of the report is on file with the Clerk to the Board.***

**JULY 2, 2019**

## Comments

Commissioner Rodriguez-McDowell congratulated Director Diehl on the awards received by the Department. She asked that as many tools possible be provided to the Board to enhance their communication with the public. She encouraged PI to tell the County's story. She said there were a lot of "great things" being done that needed sharing with the public.

Commissioner Leake thanked the department as well for its work. She echoed Commissioner Rodriguez-McDowell's remarks regarding getting the County's stories out, especially regarding the work of the Health Department.

Commissioner Leake said information should be accessible to everyone and especially, senior citizens.

Commissioner Leake said someone approached her regarding having a town hall meeting in her District specifically for Latinos, but that her response was that her meetings were open to everyone. Commissioner Leake said she would not be holding town hall meetings for specific groups.

Commissioner Jerrell thanked PI for their work and their responsiveness. He asked Director Diehl where he saw the department going forward with respect to social media and getting information out.

Director Diehl said he couldn't give a specific, but that they try to stay "ahead of the game."

Commissioner Harden said strategic placement of information was important. She said the County needed to push information out more, rather than assuming people will make a request for information. Commissioner Harden asked about the quality of the Board's broadcast and asked was there something else that could be done to "move it up a notch." *Director Diehl responded and addressed the current viewership and by what means people were viewing the meeting.*

Commissioner Harden expressed the desire for the County's broadcast of its meetings to be on the cutting edge.

Commissioner Rodriguez-McDowell asked was there a way to track the number of people watching the broadcast, which was addressed.

**JULY 2, 2019**

Commissioner Rodriguez-McDowell said different community groups had requested meetings, but it was not to exclude anyone.

Chair Dunlap thanked PI for its work and for assistance provided to him in his capacity as chair.

Chair Dunlap reminded Commissioners of the policy titled Mecklenburg County Government District/Community Meetings Policy & Procedures that addressed staff assistance during an election year. He said there were some parameters around the type of assistance that can be provided during the campaign period. He said it should be kept in mind, however, that Commissioners were elected for two years and serve as a commissioner that entire time. He encouraged Board Members to share any comments or concerns they had regarding the policy with the County Manager, to ensure they receive the support they need to carry out their duties as a commissioner.
