**REPORT TIMETABLE FOR DISEASES/CONDITIONS (for a complete listing of NC Reportable Disease, please call 919-715-7404)**

<b>Highlighted diseases</b>	Category A Bioterrorism Agents/Diseases (report immediately by phone)
*	Disease/Condition with Pandemic Potential (report immediately by phone)
**	Reportable within 24 hours after the disease or condition is reasonably suspected to exist. (by phone and form)
All Other Conditions	All other conditions, report within 7 days, (by form)

**TO REPORT DISEASES BY TELEPHONE:**

**Animal Bite Consults:** 980.314.9210

**General Diseases including Hepatitis B:** Belinda Worsham: 980.314.9203 Beth Quinn: 980.314.9205 Freda Grant: 980.314.9204 Shawn Wilson: 980.314.9208  
Brian Lackey: 980.314.9206 Julie Secret: 980.314.9209 Tiffney McKoy: 980.314.9207

**Syphilis & HIV/AIDS:** 980.314.9226 or 704.614.2993 **Other STDs:** 704.432.1742

**Suspected Foodborne Outbreaks:** Bill Hardister 980.314.1636

**Tuberculosis:** Yolonda Cochran 980.314.9477

**Report forms can now be found on-line at:** <http://www.meckhealth.org>

1 318 newly diagnosed HIV disease cases and 166 newly diagnosed AIDS cases were reported in Mecklenburg County during 2014 (based upon the most recent surveillance data). During the same time period, there were 269 newly diagnosed Syphilis cases (primary, secondary and early latent). Readers should note that HIV disease represents all diagnoses of HIV infection regardless of the stage of the disease. Therefore AIDS cases are considered a subset of HIV Disease. HIV disease reports and AIDS case reports should never be combined to estimate an infected population, and should be considered separately.

2 Category A Bioterrorism Agents/Disease including pathogens that are rarely seen in the United States and that pose a risk to national security because they can be easily disseminated or transmitted from person to person; result in high mortality rates and have the potential for major public health impact; might cause public panic and social disruption; and require special action for public health preparedness.

3 Case numbers are lower than expected or not available due to transition to a new reporting system.

4 Rabies: 1 Raccoon (July)
