

Safe Gun Storage

Safe gun storage can **prevent** at least **half** of child deaths due to guns.

- Children as young as 2 can pull the trigger of a gun.
- Storing your firearm safely can keep a child from accidentally firing the weapon, causing injury or death.
- Teens and young adults are more likely to use guns from their homes in homicides and suicides.

Gun locks help prevent children from using guns during critical moments

4.6 Million

Children live in homes with **unlocked guns**

ALWAYS keep guns secured by using a safe or a trigger lock.

NEVER leave a gun unsecured in a car. More than half of stolen guns are taken from cars.

ALWAYS
Keep ammunition locked separately from your locked gun

350
Children
under 18 are shot **not on purpose** each year
