

EMISSION SOURCE CHANGES REQUESTED BY THIS APPLICATION

Instructions for Form A3

Form A3 should list all emission sources and control devices (equipment) being affected by this application.

Note: An **EMISSION SOURCE** is defined as any stationary article, machine, process equipment, or other contrivance, or combination thereof, from which air pollutants are emitted, either directly or indirectly. Groups of equipment that are interconnected as a single continuous process can be labeled as a single emission source (i.e., a chain of reaction vessels).

Note: The choice of ID Nos. is at the discretion of the applicant. It is recommended that each emission source ID No. start with ES____, control device ID No. CD____, and emission point ID No. EP____.

EMISSION SOURCE ID NO. - Enter a unique emission source ID No. for each emission source for which this application is made. Fugitive emissions must also be assigned an ID No. (e.g. valves, pumps, compressors = ID No. F195).

EMISSION SOURCE DESCRIPTION - Describe each emission source for which this application is made. This description should specify the number of individual pieces of equipment that make up this emission source.

CONTROL DEVICE ID NO. - Enter a unique ID No. for each control device for which this application is made. For multiple control devices on the same emission source, list in series according to the exhaust air stream direction (i.e. from the emission source to the final emission point). For multiple emission sources on the same control device, list the control device associated with each emission source and use the same control device ID No. for each.

CONTROL DEVICE DESCRIPTION - Describe each control device for which this application is made.

EQUIPMENT TO BE ADDED BY THIS APPLICATION - List all equipment being added to the permit for which application is made.

EQUIPMENT TO BE MODIFIED BY THIS APPLICATION - List all equipment for which any modification is being requested and would require modification of the air permit. Such changes may be a new ID No., change in requested process rate, change to accompanying control device, etc. All equipment listed should be existing permitted equipment only.

EQUIPMENT TO BE DELETED BY THIS APPLICATION - List all equipment being deleted from the permit by this application. Only list control devices if they are also being deleted. All equipment listed will be removed from the permit.

SECTION A

EMISSION SOURCE LISTING FOR THIS APPLICATION
(New, Modified, Previously Unpermitted, Replaced, Deleted)

A3

Emission Source ID No.	Emission Source Description	Control Device ID No.	Control Device Description
EQUIPMENT TO BE ADDED BY THIS APPLICATION (New, Previously Unpermitted, or Replacement)			
EQUIPMENT TO BE MODIFIED BY THIS APPLICATION			
EQUIPMENT TO BE DELETED BY THIS APPLICATION
