700 North Tryon St.
Charlotte, NC 28231

Re: Engineering Judgments Form

Dear Mr. Morton:

The Board of Examiners for Engineers and Surveyors adopted the recommendation of the Engineering Committee of the Board with comment.

The Board did not see any problems with the form and felt that it is okay. They did comment that it may be appropriate for Architects to approve fire rated assemblies where they relate specifically to architectural components.

Thank you allowing the Board to review the forms and for providing the information to the Board. If you have any questions please contact David S. Tuttle, Board Counsel, at extension 111.

For the Board,

Andrew L. Ritter
Executive Director
