

Refrigeration Systems Certification

Per North Carolina International Mechanical Code (1108.4) (hereinafter NCIMC) a certificate of test shall be provided for all systems containing 55 pounds (25 kg) or more of refrigerant. The certificate shall give the name of the refrigerant and the field-test pressure applied to the high side and the low side of the system. The certification of test shall be signed by the installer and shall be made part of the public record.

- 1) **Type of refrigerant**_____
- 2) **Test pressure of high side**_____
- 3) **Test pressure of low side**_____
- 4) **Total refrigerant in system**_____

Job name, address_____
