MECKLENBURG COUNTY SMOKE AND CARBON MONOXIDE INSTALLATION REQUEST

This form is to provide a smoke and or carbon monoxide alarm installation request at your residence if you cannot purchase one or install one on your own. This request can also be used to request new batteries for smoke alarms or just to check them for proper placement and operation if you are unable to test them yourself.

For weekdays, between 8:00 am and 5:00 pm, you may contact the Mecklenburg County Fire Marshal's Office directly at (704) 336-2154. If you feel that a life-safety hazard exists after normal working hours, which would need immediate attention, dial 911.
