VSQG CERTIFICATION

I certify that, to the best of my knowledge, the above-mentioned company is a Very Small Quantity Generator (VSQG) and meet the following monthly hazardous waste generation limits(40 CFR 260.10):

1. Less than 100 kilograms (220 pounds) of hazardous waste are generated per calendar month, and
2. Less than 1 kilogram (2.2 pounds) of acutely hazardous waste are generated per calendar month, and
3. Less than 100 kilograms (220 pounds) of acutely hazardous waste spill residue or soil are generated per calendar month.

I also certify that, to the best of my knowledge, the above-mentioned company is a Very Small Quantity Generator (VSQG) and have met the following hazardous waste accumulation limits [40 CFR 262.14 (a)(3) and (4)]:

1. Less than 1,000 kilograms (2,200 pounds) of hazardous waste accumulated at anyone time; and
2. Less than 1 kilogram (2.2 pounds) of acutely hazardous waste accumulated at anyone time; and
3. Less than 100 kilograms (220 pounds) of acutely hazardous waste spill residue or soil accumulated at any one time.
