We are building greenways as fast as we can!
Always visit ParkandRec.com for the most up to date greenway information.
Using Our Greenways:
Here in Mecklenburg County, we have more than 52 miles of paved trails, with more being added all the time, every year.

No matter where you live, work or play, you are sure to find a greenway, allowing you to get out and enjoy the great outdoors. But before you lace up your shoes and head out the door, here are some tips to help everyone have an enjoyable experience on the greenway:

**WALK WITH OTHERS** for your safety and enjoyment.

**SECURE VALUABLES** in your locked vehicle out of sight.

**CROSS CAREFULLY,** look both ways and yield to traffic, whether on the trail or on the road. Stopping before crossing a road is the law, even when there are no signs present.

**CYCLISTS SHOULD** ALWAYS RIDE SINGLE FILE AND AT A SAFE SPEED. Slow down in congested conditions and in areas with reduced visibility or hazardous conditions.

**TEACH YOUR CHILDREN** TRAIL ETIQUETTE. Discourage getting in the path of faster-moving traffic, especially cyclists who may have difficulty stopping for them.

**AVOID WALKING MORE THAN TWO ABREAST** to allow other users to pass safely. Form a single line in congested areas or when other users are trying to pass.
Always **PASS ON THE LEFT**, it will encourage others to keep to the right.

**PEDESTRIANS HAVE THE RIGHT OF WAY** and should exercise caution and beware of the stopping limitations of others. Only authorized motor vehicles are allowed on greenways.

Give an **AUDIBLE WARNING** to others before passing.

Always **BE COURTEOUS** to other trail users.

Avoid **STANDING STILL** on the trail to prevent blocking other users and avoid collisions.

**USE BICYCLE LIGHTS, REFLECTORS AND REFLECTIVE CLOTHING** when using the trail after dark.

People **WALKING DOGS** must keep them on a 6ft or shorter leash and stay on the right edge of the trail. Always pick up after your pet and dispose of dog waste in a trash can.

Always **BE AWARE** of your surroundings and keep the volume low on audio devices so you can hear approaching traffic. Try using one earphone instead of two to stay alert.

**KEEP TO THE RIGHT, except when passing.**

**PEDESTRIANS HAVE THE RIGHT OF WAY** and should exercise caution and beware of the stopping limitations of others.
Greenways are linear parks providing opportunity for off-road trails that connect people and places by linking neighborhoods, offices, parks, schools and shopping areas. They also protect water quality and wildlife habitat while providing alternative ways to move through our community. Currently there, are more than **52 miles** of greenway trails in the Mecklenburg County system, with more greenway trails being built every year.
Briar Creek Greenway
Masonic Dr to Arnold Dr
Paved Greenway = 0.46 Miles
Entrances = 0.03 Miles
