CONSISTENT SAFETY PROTOCOLS
SAFETY GUIDELINES DURING THE COVID-19 OUTBREAK

AS ESTABLISHED BY THE CHARLOTTE COMMERCIAL CONSTRUCTION COALITION

- SOCIAL DISTANCING
  DISTANCIAMIENTO SOCIAL
- COVER YOUR MOUTH
  CUBRETE LA BOCA
- FRESH AIR
  AIRE FRESCO
- STAY HOME IF SICK
  QUEDARSE EN CASA SI ESTÁ ENFERMO
- ESSENTIAL WORKERS ONLY
  SOLO LOS TRABAJADORES NECESARIOS
- LIMIT GATHERING
  LIMITAR LAS REUNIONES EN GRUPO
- WASH HANDS OFTEN
  LAVARSE LAS MANOS CON FRECUENCIA
- CLEAN SURFACES
  SUPERFICIES LIMPIAS
- BEEN IN CONTACT? STAY HOME!
  ¡HA ESTADO EN CONTACTO? ¡QUÉDATE EN CASA!
- AVOID TOUCHING FACE
  EVITE TOCARSE LA CARA
- 6' DISTANCE IN ELEVATORS
  6' DISTANCIA EN ELEVADOR
- DAILY HEALTH CHECKLIST
  CHEQUEO DIARIO DE LA SALUD

PLEASE SEE YOUR PROJECT GENERAL CONTRACTOR FOR ADDITIONAL INFORMATION OR ANY QUESTIONS.
SAFETY GUIDELINES DURING THE COVID-19 OUTBREAK

Social Distancing
Stay at least 6 feet (2 meters) from other people.
- Limit all methods to adhere to this rule before considering manual activity. (Use proper PPE when within 6 feet to include face mask or shield).
- Consider shift work if necessary, to maintain 6 foot social distancing.

Stay Home if Sick
If you feel ill, stay at home and reference the CDC website.
- If you become sick, do not go to work.
- Only necessary to work if you are cleared.
- Stay home and notify your supervisor and follow proper protocol.

Wash Hands Often
Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- Hand wash stations are at entry to project.
- Hand sanitizer acceptable.
- Work area required to wash hands entering work area, before and after breaks and meals, and before leaving work area.
-Disposable towels only.
-Sanitize locations at least daily, several times a day for heavy usage.

Avoid Touching Face
To help prevent infections, keep your hands away from your eyes, nose, and mouth.

Cover Your Mouth
Always cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your arm to cover your mouth and nose.

Clean Surfaces
Clean and disinfect frequently touched surfaces daily. This includes telephones, tools, PPE, elevators, tables, doorknobs, light switches, countertops, handles, desks, keyboards, toilets, faucets, and sinks.
- Any shared tools or equipment must be sanitized between users. This includes, but is not limited to, rental/machinery or equipment, contractor owned equipment, PPE, power and hand tools, vehicles, hand trucks, elevators.
- Disinfect all equipment thoroughly at the beginning and end of each workday.
- Empty job site waste cans on a daily basis.

Distance in Elevators
Post number of personnel allowed in an elevator to ensure personnel maintain 6’ social distancing.
- Standing space with distance markers on the floor of less than 6 feet.
- Encourage Single usage.
- Consider limiting elevator use for material and hand delivery.

Fresh Air
Encourage outdoor meetings, increase ventilation indoors and use of clean air machines.
- Look at changing the outside air exchanges through the HVAC system.
- Prop doors open whenever possible.

Limit Gathering Size
Minimize gatherings for lunch, breaks and meetings to less than 10 people and maintain social distancing.
- No shared use of refrigerators or microwaves.
- Avoid use of food trucks on project sites.
- Consider recrediting food & drink to work vehicles or designated break areas.

Hand Hygiene
Lavarse las manos con frecuencia.
- Los trabajadores deben lavarse las manos antes de entrar al área de trabajo, en los descansos, y antes de comer.
- Evitar el uso de Loncheras en todos los sitios de trabajo.
- No compartan los refrigeradores o microondas.
- El uso del Lanchero en todos los sitios de proyectos.

Wear PPE
Equipo del GC debe hacer una rutina para chequear la salud diariamente. Estar seguro de que todos estén saludables.

COVID-19 Outbreak

Distancia Social
Manténgase el mínimo de 6 pies (2 metros) de distancia de otros personas.
- Si la actividad requiere a (2) personas en proximidades menores de 6 pies, el equipo personal adecuado tiene que ser utilizado.
- Considerar protocolos para el distanciamiento social de tipo 6.

Guía en Casa si Está Enfermo
Cuídate si te enfermas, dije saber a tu supervisor, o al supervisor de esa persona. Si nos lo informal, te pedir que abandonar si el equipo social al protocolo adecuado.

Lavarse las Manos con Frecuencia
Lavarse las manos con agua y jabón durante al menos 20 segundos.
- Asegurarse de que todos estén usando los desinfectantes a base de alcohol.

Evitar el Contacto físico
Si la actividad requiere a (2) personas en proximidades menores de 6 pies, el equipo personal adecuado tiene que ser utilizado.
- Considerar protocolos para el distanciamiento social de tipo 6.

Cuidado en caso de contacto
In case of contact, report to the supervisor and follow the protocol.

Vaciar los basureros diariamente.
- Evaciar todos los equipos a fondo al final de cada día laboral.
- Señalar los elementos diariamente.

E’ Distancia en Elevador
Indiquar el número de personal permitido en un elevador para garantizar que el personal mantenga un distanciamiento social de 6’.
- Proporcionar la distancia en el uso de la entrada del elevador.
- Reorganizar el uso de escaleras.
- Considerar la posibilidad de limitar el uso del elevador solo para el personal y los que la maneja.

Limpieza y desinfección de las superficies que son tocadas frecuentemente. Este incluye herramientas, PPE, accesorios, rejas, los manillares de las puertas, interruptores de luz, mesa, escritorios, teclados, ordenadores, monitores, teléfonos, equipos de herramientas, etcétera.
- Desinfectar todos los equipos a fondo al final de cada día laboral.
- Señalar los elementos diariamente.

CHECKED DIARIO DE LA SALUD
Personal encargado de supervisar la salud.
- Equipo del GC debe hacer una rutina para chequear la salud diariamente. Estar seguro de que todos estén saludables.

Superficie Limpias

Guía de Seguridad Durante el Brote del Covid-19

AS ESTABLISHED BY THE CHARLOTTE COMMERCIAL CONSTRUCTION COALITION / APRIL 2020

ELABORATE ON SAFETY PROTOCOLS LISTED IN SIGNAGE

(ENGLISH & SPANISH VERSIONS)
SAFETY GUIDELINES DURING THE COVID-19 OUTBREAK

ADMINISTRATIVE GUIDELINES

Post CDC guideline signage on your jobsite.

First aid kits should be well stocked and have nitrile gloves and a breathing barrier.

Update site logistics plans to show hand wash, hand sanitizer and tool disinfecting stations.

In the event of an employee calling in sick, determine reason for calling in sick. Are they sick themselves, taking care of others, previously exposed to others, or just unsure of what to do? Determine state of situation and notify job superintendent. This needs to clearly communicated to subcontractors onsite as well.

In the event of a possible contamination on your jobsite, determine who the infected person was in contact, where they worked, what tools they used, etc. Relay information to Superintendent for further guidance. DO NOT suspend work, send people home, or take other actions unless directed by companies leadership. DO NOT discuss any employees medical status as they are protected under HIPAA. Do your best to control spread of rumors and misinformation.

Keep roster of all persons on jobsite in case its needed for later reference (include owners, inspectors, visitors, delivery drivers, etc.)

Guía de seguridad durante el brote del COVID-19

GUÍAS ADMINISTRATIVAS

Publique la guía de seguridad del CDC en su sitio de trabajo.

Los botiquines de primeros auxilios deben estar bien abastecidos y tener guantes de nitrilo y mascarillas

Indicar claramente la localización de las áreas para el lavado de manos, el desinfectante de manos y las estaciones de desinfección de herramientas

En el caso que un empleado se escuse por estar enfermo, determine la razón de su enfermedad. ¿Están enfermos ellos, están cuidando a familiares enfermos, previamente expuestos a otros, o simplemente inseguro de qué hacer? Determinar el estado de la situación y notificar al superintendente de trabajo. Esto también debe comunicarse claramente a los subcontratistas en el sitio de trabajo

En caso de una posible contaminación en su lugar de trabajo, determine quién estaba en contacto con la persona infectada, dónde trabajó, qué herramientas utilizaron, etc. Comunique la información al Superintendente para obtener más orientación. NO suspenda el trabajo, no envíe personas en casa, o tomar otras medidas a menos que sea dirigida la gerencia de la empresa. NO discuta el estado médico de ningún empleado, ya que están protegidos bajo HIPAA. Haga todo lo posible para controlar la propagación de rumores y de información no apropiada.

Guía de seguridad durante el brote del COVID-19

Establecido por la coalición de construcción comercial de Charlotte / abril 2020

Mainten las listas de todas las personas que están en el lugar de trabajo en caso de que sea necesario para referencia. (Incluir a propietarios, inspectores and visitantes, conductores de entrega, etc.)

Evitar el uso compartido de automóviles en grupos grandes. Lo mejor sería manejar solo o con un grupo pequeño de pasajeros.

Hacer que el contratista indique claramente la información en el reporte diario para tomar las medidas y limitar la propagación del virus.

Alternar los almuerzos y los recesos para evitar la congestión de grupos en las áreas de descanso. También considere la posibilidad de extender el personal a múltiples áreas de descanso o solicitar descanso tomados fuera del sitio.

Si se implementa el chequeo de tomar la temperatura a los trabajadores, asegúrese de que está siguiendo HIPPA y las políticas de su empresa

Si se sospecha que una persona de COVID 19, notifique inmediatamente al propietario y a su jefe de compañía

As established by the Charlotte Commercial Construction Coalition / April 2020

**IF ANY PERSON AT A JOB SITE OR OFFICE TESTS POSITIVE OR IS SUSPECTED OF HAVING COVID-19**

**THIS PROCESS APPLIES WHEN ANYONE AT THE JOBSITE OR OFFICE**
- Tests Positive for COVID-19 OR
- Has a test result pending for COVID-19 OR
- Is suspected of having COVID-19 by a medical professional

**SUPERINTENDENT OR OFFICE LEADER WILL:**

- **ASK ILL PERSON TO LEAVE IMMEDIATELY**
  - When was ill person last onsite?
  - Did ill person have any symptoms while onsite?
  - If yes:
    - Where was ill person last onsite?
    - Who did ill person have close contact with onsite?

- **CLOSE CONTACT:**
  - **A**RE WITHIN APPROXIMATELY 6 FEET (2 METERS) OF A SYMPTOMATIC PERSON WITH COVID-19 FOR 10 MINUTES OR LONGER

- **ASK CLOSE CONTACTS TO LEAVE IMMEDIATELY**

- **CLEAN**
  1. Consult with safety manager, project team
     and BUL on scope of cleaning
  2. If ill person had symptoms while onsite, identify all subcontractors or other persons onsite that had close contact with the ill person on the week they became symptomatic, and contact the project team to notify them. For guidelines on how to handle potential exposure reference: What should I do if I might have been exposed? from www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/social-distancing.html

- **COMMUNICATE**
  - Contact the project team, BUL, and safety manager.
    - Immediately notify the superintendent
  - Notify client of current situation
  - Notify subcontractors that are actively working on the site

- **TRACK**
  - Safety Manager tracks:
    - Initial response and remediation
    - Individual impacts
    - Ongoing work
    - Notifications of appropriate authorities

- **WHEN AN INDIVIDUAL WITH COVID-19 (POSITIVE OR SUSPECTED) CAN RETURN TO WORK**

**AN INDIVIDUAL CAN RETURN TO WORK BY FOLLOWING PATH A OR PATH B**

**PATH A**
- Received two (2) negative COVID-19 tests
- No signs of illness or fever, without using fever-reducing medicine, for 7 days.
- When a doctor says it is okay to return to work.

**PATH B**
- Completed self-isolation per CDC guidelines or as directed by medical professional.
- No fever for at least 72 hours (without use of medicine that reduces fever).
- No symptoms.
- At least 7 days have passed since symptoms first appeared.

- **THE PERSON IS NOT FEELING WELL**
- Stay home.
- Seek medical care if necessary.
- **RETURN TO WORK ONLY WHEN:**
  - No signs of illness or fever, without using fever-reducing medicine, for 7 days.
  - When doctor says it’s okay to return to work.

- **THE PERSON IS NOT FEELING WELL AND EXHIBITS TWO (2) OF THE FOLLOWING SYMPTOMS PER CDC GUIDELINES:**
  - Shortness of breath
  - Fever
  - Cough

- **THE PERSON WHO IS NOT FEELING WELL OR WHO IS SHOWING SYMPTOMS SHOULD STAY HOME.**

- For all questions regarding when an individual can return to work, contact your BUL.

**NON-COVID-19 ILLNESS: WHAT TO DO WHEN SOMEONE IS SICK**

- **THE PERSON IS NOT FEELING WELL**
  - Stay home.
  - Seek medical care if necessary.
  - **RETURN TO WORK ONLY WHEN:**
    - No signs of illness or fever, without using fever-reducing medicine, for 7 days.
    - When doctor says it’s okay to return to work.

- **THE PERSON IS NOT FEELING WELL AND EXHIBITS TWO (2) OF THE FOLLOWING SYMPTOMS PER CDC GUIDELINES:**
  - Shortness of breath
  - Fever
  - Cough

- **THE PERSON WHO IS NOT FEELING WELL OR WHO IS SHOWING SYMPTOMS SHOULD STAY HOME.**

- For all questions regarding when an individual can return to work, contact your BUL.
**EMPLOYEE OPTIONS SIGNAGE FROM WB MOORE**

**Anxious and/or Impacted by COVID-19?**

**What are my options as an essential employee?**

### Continue Working

*Our work is not only Essential – so are you!

The Health and Safety of both you and your family is of the utmost importance. We welcome you to continue working during this Pandemic.

We have implemented some additional safety protocols, following the CDC guidelines as a result of COVID-19, that you must adhere to in order to ensure the safety of you and others.

*Keep in mind, the climate continues to change with more & more restrictions so this is no guarantee that our work will not be impacted at some point during this pandemic.*

### Federal Paid Leave

**(Max 10 days or 80 hours)**

You qualify if you:
- Have been advised by a health care provider to self-quarantine due to concerns related to COVID-19; or
- Are experiencing symptoms of COVID-19 and are seeking medical diagnosis,

100% of Pay
Max amount $511/per day or $5,110 over entire paid sick leave period

You qualify if you are:
- Caring for an individual who is subject to a Federal, State, or local quarantine or isolation order related to COVID-19 or an individual who has been advised by a health care provider to self-quarantine due to concerns related to COVID-19; or
- Caring for your child whose school or place of care is closed, or childcare provider is unavailable, due to COVID-19 related reasons;

2/3rds of Pay
Max amount $200/per day or $2,000 over entire paid sick leave period

### Federal FMLA

**(Max 12 weeks)**

You qualify:
- If you are caring for your child (18 or younger) whose school or childcare provider is closed or unavailable for reasons related to COVID-19.

The first 10 days of Federal FMLA are unpaid, but federal paid leave can be used to cover this time.

An additional 10 weeks of 2/3rds of Pay

### Unemployment

The federal government under the CARES Act has enhanced the NC State Unemployment program.

If you feel that by working you or your family members’ health could be placed in jeopardy, you could leave your employment and apply for Unemployment.

Here are some things to take into consideration:
- The maximum NC Unemployment weekly benefit amount is $350.00 (The CARES Act adds an additional $600)
- The one week waiting period & work search requirements have been waived.
- A person’s unemployment insurance benefits are calculated based upon wages earned during a 12-month period.
- WB Moore benefits would end effective same day and employee would be eligible for COBRA.
- We will do our best to bring back those who end their employment due to COVID-19 reasons.

**Questions about unemployment?**
Contact NC DES for more information:
- 1-888-737-0259
- [https://des.nc.gov/apply-unemployment](https://des.nc.gov/apply-unemployment)

**Questions? We’re here for you! Please reach out via email at wbmhr@wbmoore.com or call the hotline at 704-943-0956**
Avoid Groups
1. Keep a crew at a minimum of 6’ during Flex & Stretch and PTPs.
2. Avoid close contact with people who are sick.
a. Close contact includes riding in the same vehicle, eating lunch together, living in the same household or being within 6’ of an infected individual for a prolonged period of time.
b. Close contact does not include walking past someone, working on the same jobsite as someone, or being in the same general area as an infected individual.
3. Schedule work so as not to overlap with other trades.
4. Take breaks/lunch in outdoor areas if possible; maintain separation and receive fresh air.
5. Avoid commonly used areas/main entry points into buildings: use service entrances and loading docks.
6. Do not allow gatherings of 10 people or more and ensure a 6’ foot distance between people when meeting in smaller groups.
7. Schedule/attend meetings online or via conference call whenever possible.

Mobile Equipment
Scissor lifts, single man lifts, lulls, forklifts, pallet jacks, duct jacks
1. Do not share equipment with other trades.
   a. Lock up control boxes and take keys out of equipment to prevent others from using our equipment.
   b. Don’t borrow mobile equipment from other trades or companies.
2. Get unused or non-needed equipment off the job.
3. Identify cardboard, plastic and metal surfaces and schedule to clean at the beginning & end of shift, after lunch or significant periods away from/between use of equipment.
4. Follow cleaning guidelines in the middle of this page. If bleach solution is not available or if bleach is harmful to material, use dish soap and water to clean surfaces. Park equipment in the sun when possible to help equipment dry.

Pre-Task Plans (PTPs)
1. PTPs must include hazard identification of potential COVID-19, along with specific hazard prevention steps to reduce the likelihood of exposure, including, but not limited to:
   a. Train workers on recognizing and stemming the sign of COVID-19.
   b. Become familiar with the basic symptoms of COVID-19.
   c. What should happen if someone exhibits these symptoms during the shift.
   d. Possible trade stacking or working within 6’ of other trades
   e. Policies that may have become contaminated since the last working shift.
   f. Any challenges with tool/equipment cleaning or hand washing stations.
   g. Any work/schedule/order changes that may influence the above.
   h. Use and cleaning of PPE, with a reminder not to share gloves, glasses and face shields.

Claring Tools/Equipment/surfaces
Clean equipment regularly with bleach and water solution. The proper ratio for bleach to water is:
5 Tablespoons - 1/3 a cup of bleach to 1 gallon of water. For spray bottles: 3 teaspoons - less than half an ounce of bleach.
1. Keep a wet hand towel sprayed with the cleaning mix on your cart to wipe down your tools before you grab them. The towel stays wet for hours - just reapply within 5 hours.
2. Use solution on hardhats, steering wheels, chess, seat belt parts, forks, handles, and all other surfaces, especially surfaces in which the body contacts.
3. Let solution air dry, if possible, or wipe dry with a clean cloth.
4. Wash hands before and after cleaning equipment.
5. Some material cannot be cleaned with bleach, i.e. fiberglass, wheels, chains, seat belt parts, etc.
6. All common break areas, lunch and break rooms will be cleaned multiple times throughout the shift.

Hand Sanitizing
1. Hand washing stations must be provided for McK crews throughout the active job areas (one per floor/one per crew) and contain soap and water.
2. If soap and water are not available, a hand sanitizer with at least 60% alcohol must be provided (one per floor/one per crew).
3. Wash your hands frequently and thoroughly using soap and water for at least 20 seconds.
4. Hand sanitizer shall be provided in/or around all Port-a-Johns/bathrooms.

Tools/Equipment
1. Do not share tools/equipment with other trades.
   a. Lock up tools in carts and gang boxes every shift.
   b. Don’t borrow tools from other trades or companies.
2. Contact the tool room to get individual tools for each crew member.
3. If you are not using tools keep them locked inside your gang box/cart.
4. Do not rent equipment clean tools, duct jacks, chain falls, gang boxes and any other equipment you have on the job.
5. Follow cleaning guidelines in the middle of this page. If bleach solution is not available or if bleach is harmful to material, use dish soap and water to clean surfaces.
6. Place tools in the sun when possible to help equipment dry.
7. Schedule tool cleaning at the beginning & end of shift, after lunch or significant periods away from/between use of equipment.
8. Avoid touching your eyes, nose and mouth with unclean gloves and unwashed hands.
9. Arrest schedule to clean at 5 minutes at the end of day and spray down everything you will be using the following morning.

Buck Hoists/Reducers
1. Arrange shift schedule to access/exit floors using buck hoist on off-hours from the rest of the project.
2. If McK workers observe a buck hoist that is full and will not allow 6’ social distancing, they are to wait for another car.
3. Turn back to other passengers on the hoist during transit.
4. Do not interact/shake hands and avoid touching other workers while entering/riding/exiting the hoist.
5. Avoid touching the doors, walls and sides of the buck hoist/elevator if possible.

Food & Personal Belongings
1. Prepare food at home and avoid sharing food while at the jobsite.
2. Do not eat off the food trucks which travel between job sites and have large groups using them. Avoid all food trucks till further notice.
3. Avoid eating lunch in groups where possible.
4. Don’t huddle together in areas like the buck hoist platform or elevator lobby where possible.
5. Wash items like jackets, vests, and gloves at home at the end of each day.
6. Lock up tools and gang boxes at end of shift.
7. Personal belongings you bring to the jobsite, such as lunch boxes and toolboxes, should be wiped down with a cleaning solution mentioned in the middle of this page before bringing to the jobsite each day.

Ladders
1. Do not share tools/equipment with other trades.
   a. Lock up tools in carts and gang boxes every shift.
   b. Don’t borrow tools from other trades or companies.
2. Follow cleaning guidelines in the middle of this page. If bleach solution is not available or if bleach is harmful to material, use dish soap and water to clean surfaces.
3. Let solution air dry, if possible, or wipe dry with a clean cloth.
4. Wash hands before and after cleaning equipment.
5. Some material cannot be cleaned with bleach, i.e. fiberglass.
6. Keep a wet hand towel sprayed with the cleaning mix on your cart to wipe down your tools before you grab them. The towel stays wet for hours - just reapply within 5 hours.
7. Schedule ladder cleaning at the beginning & end of shift, after lunch or significant periods away from/between use of equipment.
8. Avoid touching your eyes, nose and mouth with unclean gloves and unwashed hands.
9. Contact the tool room to get individual tools for each crew member.
10. If you are not using tools keep them locked inside your gang box/cart.
11. Do not rent equipment clean tools, duct jacks, chain falls, gang boxes and any other equipment you have on the job.
12. Follow cleaning guidelines in the middle of this page. If bleach solution is not available or if bleach is harmful to material, use dish soap and water to clean surfaces.
13. Place tools in the sun when possible to help equipment dry.
14. Schedule tool cleaning at the beginning & end of shift, after lunch or significant periods away from/between use of equipment.
15. Avoid touching your eyes, nose and mouth with unclean gloves and unwashed hands.

Contact McK.
We are here to help you keep your jobsite safe. Contact us at 866.603.8595 or jobsite-safety@mckenney.com to schedule a meeting with our Safety Team. We will talk with you about the specific hazards your jobsite may face and help you develop a plan to keep everyone safe. The more we know about the jobsite, the better job we can do. (Currently sold out, but potential for re-stock)
As areas stabilize from the COVID-19 pandemic and stay-at-home restrictions are lifted, organizations will begin to bring workers back into the physical workplace. It’s already begun in some parts of the world. In fact, as of April 2020, we have helped move our own employees, and those of our clients, back into more than 800 million square feet of properties globally.

The “Recovery Readiness: A How-to Guide for Reopening Your Workplace” outlines some of the best thinking and practices that our more than 53,000 professionals have compiled across the globe and also includes insights from key partners. The recommended practices and protocols already have been implemented at locations across the globe with tremendous success.

We are proud to release this comprehensive guide and look forward to connecting with you to learn more about how we can help.
