Guidance for Seniors

While all public facilities designated as cooling stations can accommodate seniors, the following locations provide additional recreational programming for eligible seniors. When using a cooling station, individuals must obey all rules and regulations as permitted by each site. While facilities are open during normal business hours, previously scheduled programming may restrict access to certain areas of the facility (e.g. scheduled sports or other recreational events). Individuals may contact any facility to confirm operating hours at the phone number listed in Table 4. A description of these locations and their normal business hours is below:

I. Cooling Stations* Operating During Normal Business Hours
